

Board/Management Briefing

L2 Cyber Security Solutions is delighted to be able to offer the following Board/Management Briefing, in an online and in-person format.

Title: Cyber Security Briefing for Boards or Management.

Briefing Objective:

The purpose of this programme is to equip the members of the board/management with the knowledge of the current cyber security threats that target their industry and know what strategy they should take to protect the organisation.

Content of the Board/Management Briefing:

- Overview of current global cyber threats
- An introduction to industry specific risks
- Outline a remediation strategy for the organisation

Duration:

The briefing will take 40 minutes. There will then be plenty of time for Questions and Answers.

Deliver format;

- Online – Presentation, using Google Meet.
- In-person – Presentation.

Also Included:

- Online – A link to a softcopy of the briefing slides will be provided during the session.
- In-person – A printed copy of the briefing slides will be provided.
- Certificates of attendance if required.

Pricing (discounts available for charities and not-for-profits):

- Online – each briefing will cost ~~€9~~ for up to 30 attendees.
- In-person – each briefing will cost €149 for up to 16 attendees.
